Advances in Behavioral Pharmacology: Volume 7

Advances in Behavioral Pharmacology: Volume 7

This volume continues to document and summarize developments, trends, and emergent interdisciplinary research in behavioral psychopharmacology. For researchers and graduate students in psychopharmacology, behavioral pharmacology, toxicology, and the neurosciences. This seventh volume continues to document and summarize developments, trends, and emergent interdisciplinary research in behavioral psychopharmacology. For researchers and graduate students in psychopharmacology, behavioral pharmacology, toxicology, and the neurosciences. This is the latest volume in a series that continues to document and summarize developments, trends, and emergent interdisciplinary research in behavioral pharmacology, psychopharmacology, and the neurosciences. The chapters, written by authorities in their respective research areas, provide up-to-date examination and analysis of dominant evolving research areas.

Designed as a resource text for professionals, as well as a supplementary text for upper level undergraduate and graduate students of behavioral pharmacology, psychopharmacology, psychobiology, and related fields, this book, like the others in the *Advances in Behavioral Pharmacology Series*, provides comprehensive coverage unavailable elsewhere.
