If we don't learn the secrets of distribution, we will be consistently burdened with financial worries. We will fail to discover that giving creates the proper environment that deprives poverty an atmosphere in which to thrive, writes author Stephen Everett.

Based firmly on the Scriptures, this book is not just another bless-me, give-to-get, or you re-worth-it set of empty theories.

Understanding transference and redistribution of wealth unlocks the prison of poverty prevalent in the minds of many ministering within the Christian church. This seminal work addresses crucial economic issues including consumerism, capitalism, and materialism all from a solid biblical perspective.

Charge them who are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy; that they do good, that they be rich in good works, ready to distribute, willing to communicate; laying up in store for themselves a good foundation against the time to come, that they may lay hold on eternal life (1 Timothy 6:17-19).

Step into the world of financial freedom today.
