Vance inherits a missile launch site—a relic from the cold war buried beneath the plains of North Dakota. But he doesn't consider staying in the underground dwelling until he meets Andi, the woman responsible for remodeling it into a lavish home.

Upon meeting Vance, Andi may have just gotten her second chance to discover what her grandfather hid inside the old missile base decades before when he served as a missileer. Is she prepared to detonate her growing feelings for the new owner in order to find the hidden treasure?
