The Eternal War: A Psychological Perspective on the Arab-Israeli Conflict A. J. Abraham

The Eternal War chronicles the history of the Arab-Israeli conflict and thoroughly analyzes it from both a historical and psychological outlook. But it is much more than that—this book is the only study that focuses on all the issues from a Palestinian and Israeli viewpoint, as well as that of the Arab States. And, for the first time ever, Abraham presents an original and comprehensive plan for peace that gives all the parties much of what they want (but not everything they want) for successful negotiations and the achievement of a just and lasting peace. No other study on this subject offers such an emboldened and imaginative plan.
