Sometimes you have to send a killer to catch a killer.

Nobody can escape their past. It will always be there, returning to haunt you in the darkest times of your life.

Mike Swanson knows this - his past torments him daily and he sets himself upon a path of death and misery. He justifies his dark deeds by enacting them upon those he perceives as evil, not knowing that the real evil lies within himself.

Killing the scum of society, Mike becomes one of them and draws the attention of a group who require people with his skills. Unwillingly enlisted into the notorious 'Blacklisted Brotherhood', Mike must first survive horrendous training in order to hunt down a madman whose deeds will see the world plunged into anarchy if he succeeds.

Blasting across continents in their pursuit of justice, the team will come together in ways that they had never imagined and must learn to trust each other if they are to survive.

For if they die, it could mean the end of freedom.

Will Mike survive the confrontations in order to see out the mission? Or will he cut loose and run from the responsibility that has been placed upon him? Why should he care for the people of the world when they have never cared for him?

Why indeed...?
