Infection: The Uninvited Universe Gerald N. Callahan

We use antibacterial soap to wash our hands, we swab doorknobs with antibacterial wipes, we pop antibiotics at the first sign of disease - all to avoid infection. But we are all infected. From before birth to after death, infection is what makes humans human. In a startling, chilling, and inspiring narrative, veteran microbiologist, and author Gerald Callahan, explores the world of the microscopic creatures that live on, in, and around us. Did you know that: our overuse of antibiotics is placing us on then cusp of a resurgence of diseases we had thought long conquered? and, many ailments - from schizophrenia and gastric ulcers to obsessive-compulsive disorder - are now being linked to infections? Infection will awaken you to the microscopic brethren that ensure our health as well as take it from us. For better or worse, infection shapes our lives.
