Con artist Olivia is lured out of exile from the Bahamas to follow a mysterious series of clues that lead to Miami in an attempt to save a past accomplice. Editor Reba Hibbert calls it "*an intelligent, cleverly crafted book with seriously endearing characters. Asher has a unique style and a unique talent for storytelling.*"

(full synopsis)

Olivia, a "hopefully retired" con-artist, has escaped in a close getaway and is hiding out in the Bahamas. Life has become simple, and she has Peter Donovan to thank for it. A man who saved her in a job gone bad, and then disappeared to pursue his own hideaway.

Two months later...the first clue arrives.

Olivia believes it's been planted by Peter, vague and untraceable by design. A cry for help, perhaps. And something she must pursue. She soon finds herself coming out of exile to follow a trail of methodically clues, each increasingly savvy; seemingly to insure that she would be the sole person able to follow them. The intention, unknown. Her purpose, a mystery. And soon, even the source of the clues becomes dangerously questionable.

And as the puzzle unfolds, she can see only two possible scenarios *if* she succeeds. One: she arrives on time, as intended, to fulfill her purpose. Or two: she arrives on time, as intended...and it's too late to turn back.
