JUNOS Enterprise Switching

Doug Marschke, Harry Reynolds

JUNOS Enterprise Switching Doug Marschke, Harry Reynolds

JUNOS Enterprise Switching is the only detailed technical book on Juniper Networks' new Ethernet-switching EX product platform. With this book, you'll learn all about the hardware and ASIC design prowess of the EX platform, as well as the JUNOS Software that powers it. Not only is this extremely practical book a useful, hands-on manual to the EX platform, it also makes an excellent study guide for certification exams in the JNTCP enterprise tracks.

The authors have based *JUNOS Enterprise Switching* on their own Juniper training practices and programs, as well as the configuration, maintenance, and troubleshooting guidelines they created for their bestselling companion book, *JUNOS Enterprise Routing*. Using a mix of test cases, case studies, use cases, and tangential answers to real-world problems, this book covers:

- Enterprise switching and virtual LANs (VLANs)
- The Spanning tree protocol and why it's needed
- Inter-VLAN routing, including route tables and preferences
- Routing policy and firewall filters
- Switching security, such as DHCP snooping
- Telephony integration, including VLAN voice

Part of the Juniper Networks Technical Library<™>, *JUNOS Enterprise Switching* provides all-inclusive coverage of the Juniper Networks EX product platform, including architecture and packet flow, management options, user interface options, and complete details on JUNOS switch deployment.

From reader reviews:

Randy North:

Why don't make it to become your habit? Right now, try to prepare your time to do the important work, like looking for your favorite guide and reading a guide. Beside you can solve your trouble; you can add your knowledge by the publication entitled JUNOS Enterprise Switching. Try to make the book JUNOS Enterprise Switching as your friend. It means that it can to get your friend when you sense alone and beside those of course make you smarter than in the past. Yeah, it is very fortunated for yourself. The book makes you a lot more confidence because you can know every thing by the book. So , we need to make new experience and also knowledge with this book.

Patricia Ables:

What do you concerning book? It is not important along? Or just adding material when you require something to explain what your own problem? How about your free time? Or are you busy individual? If you don't have spare time to perform others business, it is make one feel bored faster. And you have free time? What did you do? Every person has many questions above. They have to answer that question simply because just their can do this. It said that about guide. Book is familiar on every person. Yes, it is appropriate. Because start from on kindergarten until university need that JUNOS Enterprise Switching to read.

Susan Peterson:

Playing with family in the park, coming to see the ocean world or hanging out with friends is thing that usually you could have done when you have spare time, and then why you don't try matter that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love JUNOS Enterprise Switching, you can enjoy both. It is very good combination right, you still wish to miss it? What kind of hangout type is it? Oh occur its mind hangout men. What? Still don't understand it, oh come on its known as reading friends.

Gerald Reed:

As a pupil exactly feel bored to be able to reading. If their teacher questioned them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's soul or real their interest. They just do what the professor want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that reading through is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this JUNOS Enterprise Switching can make you sense more interested to read.
