Mark Dutton

Dutton's Orthopedic Survival Guide: Managing Common Conditions: Managing Common Conditions
Mark Dutton

The ideal handbook for Physical Therapy students going through orthopaedic clinic rotations, with step-by-step guidelines and a convenient size.

Market / Audience

Primary Market: 30,000 Physical Therapy students in the US Secondary: 155,000 practicing Physical Therapists

About the Book

Physical Therapy students spend a lot of time on clinical rotations, learning how to treat the most common orthopaedic conditions. Presently there is no pocket-sized, handy reference that will guide them through rotations and help prepare them for practice. *Clinical Companion: Managing the Most Common Orthopaedic Conditions*, is that book. To date, the competition has been bulky textbooks that are comprehensive but far too big to carry on rotations. This will not be a spin-off of Dutton's larger Orthopaedic text, but a practical guide with unique content that students will want. Small in size, but comprehensive in content, it will contain everything the student needs to diagnose and treat the most commonly-seen conditions.

With introductory chapters to prep students for treating patients, the book will progress to four Sections covering the conditions: The Upper Quadrant, The Lower Quadrant, The Spine, and Systemic Conditions. We will also make videos available to users of the book via the Dutton Orthopaedics OLC.

Key Selling Features

- Case studies at the end of each section to enhance the decision-making process for students
- Q&A will test student's ability to determine the stage of healing, decide the best course of treatment, and evaluate results throughout the patient's care.
- Focusing on the 50 most common orthopaedic conditions treated by Physical Therapists, this will be the first handbook-sized reference designed specifically for students on clinical rotation.

Author Profile

Mark Dutton, PT

Allegheny Hospital

West Penn Allegheny Health System (WPAHS)

Adjunct Clinical Assistant Professor

Duquesne University

School of Health Sciences

Pittsburgh, PA

Mark Dutton (Bradfordwoods, PA) is an accomplished author who will ensure quality, consistency, and timeliness to this work. His career as a practicing Physical Therapist and Adjunct Assistant Professor helps keep him abreast of advances in the field and gives him an ability to translate that to the educational field. His book *Orthopaedic Examination, Evaluation, and Intervention*, now in its second edition, has been very successful in the PT market, as has his new title, McGraw-Hill's National Physical Therapy Exam, published in March, 2009, has also been well-received. In addition to his impressive skills and experience, he is also a can-do author who will submit manuscript on time and create questions and quality video assets for this work.

Review:

The following is a review of Dutton's second edition of *Orthopaedic Examination, Evaluation, and Intervention* (2/08):

5 STAR DOODY'S REVIEW!

"Major areas in orthopedics including anatomy, kinesiology, and biomechanics of movement are covered, along with a healthy dose of pathology that impacts patient function. Clinical pearls appear in highlighted boxes throughout, and camera icons indicate where video clips should be viewed. This second edition is more comprehensive than the first. Overall, this is a valuable reference that achieves a nice balance between detailing examination and treatment. Other books tend to be limited to addressing only one of these areas, but not both. This combination makes the book unique." -- Doody's

From reader reviews:

Stan Whitley:

Do you have favorite book? In case you have, what is your favorite's book? E-book is very important thing for us to learn everything in the world. Each e-book has different aim or maybe goal; it means that e-book has different type. Some people sense enjoy to spend their time for you to read a book. They are reading whatever they have because their hobby is usually reading a book. Consider the person who don't like examining a book? Sometime, individual feel need book if they found difficult problem or exercise. Well, probably you will require this Dutton's Orthopedic Survival Guide: Managing Common Conditions: Managing Common Conditions.

Pearl McLean:

Your reading 6th sense will not betray anyone, why because this Dutton's Orthopedic Survival Guide: Managing Common Conditions: Managing Common Conditions e-book written by well-known writer we are excited for well how to make book that can be understand by anyone who read the book. Written within good manner for you, leaking every ideas and publishing skill only for eliminate your own personal hunger then you still skepticism Dutton's Orthopedic Survival Guide: Managing Common Conditions: Managing Common Conditions as good book but not only by the cover but also from the content. This is one guide that can break don't assess book by its protect, so do you still needing a different sixth sense to pick this specific!? Oh come on your reading sixth sense already said so why you have to listening to yet another sixth sense.

Jordan Moore:

As a student exactly feel bored for you to reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just minor students that has reading's heart or real their interest. They just do what the professor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring in addition to can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Dutton's Orthopedic Survival Guide: Managing Common Conditions: Managing Common Conditions can make you sense more interested to read.

Michelle Oquinn:

A number of people said that they feel fed up when they reading a reserve. They are directly felt it when they get a half elements of the book. You can choose the particular book Dutton's Orthopedic Survival Guide: Managing Common Conditions: Managing Common Conditions to make your own reading is interesting. Your own skill of reading ability is developing when you like reading. Try to choose simple book to make you enjoy to learn it and mingle the opinion about book and examining especially. It is to be initially opinion

for you to like to wide open a book and examine it. Beside that the e-book Dutton's Orthopedic Survival Guide: Managing Common Conditions: Managing Common Conditions can to be your brand-new friend when you're experience alone and confuse in what must you're doing of these time.
