For a girl, an instant attraction is rare, so when it happens, we sit up and pay attention. Learning how to make her want you is no easy feat.

On average, I fall under the spell of instant attraction only once every few years.

But when it hits, it hits hard and when left to run wild, it can escalate into a full-blown addiction.

In my dating life, I can pinpoint a handful of guys who have succeeded in casting this spell instantaneously, and all five of which shared a few potent traits.

These traits, when combined, drove me to lusty, animalistic distraction.

In this magical book, you will learn how to achieve this in a short five minutes.
