Making up the Mind: How the Brain Creates Our Mental World Chris Frith

Written by one of the world's leading neuroscientists, *Making Up the Mind* is the first accessible account of experimental studies showing how the brain creates our mental world.

- Uses evidence from brain imaging, psychological experiments and studies of patients to explore the relationship between the mind and the brain
- Demonstrates that our knowledge of both the mental and physical comes to us through models created by our brain
- Shows how the brain makes communication of ideas from one mind to another possible
