Has your brain ever frozen on the simplest of questions? Most people have experienced a momentary freeze when asked their birthday, age, or phone number. It is when you start having those freezes more frequently or you start forgetting more important things that you may begin to worry. You may start to buy memory improvement games rather than action games for the Wii. You may even spend some time reading this book, rather than a good thriller on the beach. This would be a good move, since this book is packed with information regarding memory improvement. From understanding what may be causing your memory problems to simple solutions to those problems, you will find it all right here. Anthony Freeman
