Gemstones (Collins Gem) Cally Oldershaw

A handy guide identifying over 170 types of the world's gemstones with beautiful colour photography taken from the Smithsonian Institution's archives.

'Gem Gemstones' is an indispensable guide for amateurs and enthusiasts alike. This pocket-sized book explores the fascinating history of ornamental stones, discussing their different social and cultural meanings and monetary values through the ages.

Each page features specific details about the crystal system, hardness, composition, lustre and gemstone 'family' of each gem.

Full colour photography for each specimen with cut and uncut examples from the Smithsonian Institution's archives are included throughout, as well as up-to-date information on where to go to view such gems.

Simple illustrations show the crystal structure of each stone for ease of identification and a complete glossary and bibliography show where to go for further information.

From reader reviews:

Juanita Jones:

Book is to be different for each and every grade. Book for children until adult are different content. As you may know that book is very important usually. The book Gemstones (Collins Gem) ended up being making you to know about other information and of course you can take more information. It doesn't matter what advantages for you. The guide Gemstones (Collins Gem) is not only giving you more new information but also to be your friend when you sense bored. You can spend your own personal spend time to read your publication. Try to make relationship while using book Gemstones (Collins Gem). You never really feel lose out for everything in the event you read some books.

Kristy Lange:

Are you kind of stressful person, only have 10 or perhaps 15 minute in your morning to upgrading your mind skill or thinking skill possibly analytical thinking? Then you have problem with the book when compared with can satisfy your limited time to read it because all of this time you only find reserve that need more time to be learn. Gemstones (Collins Gem) can be your answer given it can be read by you who have those short free time problems.

Adam Perlman:

As a college student exactly feel bored for you to reading. If their teacher expected them to go to the library or even make summary for some e-book, they are complained. Just little students that has reading's soul or real their passion. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that reading is not important, boring along with can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Gemstones (Collins Gem) can make you feel more interested to read.

Patrice Lach:

Reserve is one of source of knowledge. We can add our information from it. Not only for students but in addition native or citizen will need book to know the change information of year in order to year. As we know those books have many advantages. Beside we all add our knowledge, may also bring us to around the world. By book Gemstones (Collins Gem) we can have more advantage. Don't one to be creative people? To become creative person must want to read a book. Merely choose the best book that suitable with your aim. Don't become doubt to change your life by this book Gemstones (Collins Gem). You can more pleasing than now.
