College can really drive a person crazy . . .

Am I losing my mind?

That's the question that haunts Salem University student Cassidy Kirk when weird things start happening to her.

A paper she slaved over for Psych 101 disappears. Cash vanishes from her bag. She shows up for a party that's not happening until *next* week. Then she's almost run down by a black car with tinted windows that no one else sees.

Is she going crazy? Or is someone trying to kill her? As things go from bad to much, much worse, Cassidy starts to suspect that she has an enemy out there. With time running out, she must figure out who's out to get her and why—or the next breath she takes may be her last.

This ebook features an illustrated biography of Diane Hoh including rare photos and never-before-seen documents from the author's personal collection.
