STARFLEET CORPS OF ENGINEERS

The S.C.E. thought it would be a simple task: a derelict vessel heading straight for the inhabited world of Locra needs to be diverted to avoid catastrophe. However, the derelict isn't as easy to deflect as it would seem -- the S.C.E. team must figure out how to operate the vessel before it crashes and destroys the Locra civilization.

The derelict isn't the only thing on this mission with a secret, and even as Commander Sonya Gomez and her crack team try to unlock the secrets of the ship, Captain David Gold must find out what the Locra are hiding.
