## **The Alkaloids: Chemistry and Biology: 63**

This series is world-renowned as the leading compilation of current reviews of this vast field. Internationally acclaimed for more than forty years, *The Alkaloids: Chemistry and Biology*, founded by the late Professor R.H.F. Manske, continues to provide outstanding coverage of this rapidly expanding field. Each volume provides, through its distinguished authors, up-to-date and detailed coverage of particular classes or sources of alkaloids.

- \* Up-to-date reviews on a large and very important group of natural products from both a chemical and biological perspective.
- \* Comprehensive dynamic reviews written by the leading authors in the respective fields.
- \* Broader coverage than before on the biological aspects.
