When a person receives a diagnosis of diabetes, he or she starts a process of adjusting and making sense of the new normal living with a chronic disease. A large part of that adjustment is figuring out how to balance diabetes with all the intricacies of a life outside of diabetes care. In *Balancing Diabetes*, diabetes online community blogger Kerri Sparling compiles strategies used by people with diabetes and their caregivers to bring that elusive balance into their lives. Whether adult or child, type 1 or type 2, spouse or caregiver, male or female, people in the diabetes world will find themselves in this book and be inspired by the commonality of that continuing search for balance.
