## Gardenista: The Definitive Guide to Stylish Outdoor Spaces Michelle Slatalla

Our homes' outdoor spaces can—and should—be as welcoming and carefully considered as our living rooms; when treated as extensions of our homes, these spaces enrich our lives immeasurably. That was the guiding principle when, under the direction of editor in chief Michelle Slatalla (whose *New York Times* style columns were weekly must-reads for a decade), the team behind Remodelista.com launched sister site Gardenista.com. Like *Remodelista*, *Gardenista* caters to an older, more established audience (75 percent of readers are over the age of 35) and is known for its sophisticated, well-edited aesthetic.

The book contains lushly photographed tours of 12 enviable gardens; planting guides for a variety of climates and color palettes; in-depth case studies on more than a dozen outdoor structures (from yoga studios to chicken coops); do-it-yourself projects; easy-to-implement design ideas; “The Gardenista 100,” a guide to timeless everyday objects for the outdoors; plus advice from landscape professionals. Equal parts inspiration and expert intel, *Gardenista* is both a perfect starting point and an all-in-one manual when questions arise.
