Marc Bloch

La natura imperiale della Germania (Etcetera) (Italian Edition) Marc Bloch

La storia della dinastia sveva degli Hohenstaufen, la ripresa della tradizione romana e carolingia, lo scontro con il papato, la figura di Federico Barbarossa, la relazione con l'Inghilterra: sono i temi cardine su cui ruota questa illuminante riflessione di Marc Bloch sull'influenza che la tradizione imperiale ha avuto sullo sviluppo della Germania. Tratto da una conferenza tenuta a Strasburgo nell'anno accademico 1927-1928 e qui in prima traduzione italiana, il saggio illustra come l'idea di Impero abbia contribuito in maniera determinante alla formazione della coscienza nazionale tedesca. Questa vocazione, connaturata alla storia della Germania, la spingerà costantemente verso un ruolo di primo piano nel contesto europeo e internazionale; un'ambizione che, negli anni successivi alla lezione di Bloch, assumerà la forma spaventosa e tragica del Terzo Reich.
