**The Birth-mark: Essays** Susan Howe

**Susan Howe's classic groundbreaking exploration of early American literature.**

Susan Howe reads our intellectual inheritance as a series of civil wars, where each text is a wilderness in which a strange lawless author confronts interpreters, professors, and editors eager for settlement. Howe approaches Anne Hutchinson, Mary Rowlandson, Cotton Mather, Hawthorne, Emerson, Melville and Emily Dickinson as a fellow writer?as a poet and feminist as much as a critic: her insights, fierce and original, are rooted in her seminal textual scholarship in examination of their editorial histories of landmark works. In the process, Howe uproots settled institutionalized roles of men and women as well as of poetry and prose.
