“GANGSTER GOVERNMENT”

Columnist Michael Barone invented the phrase.

President Obama has perfected the practice.

And in this new and stunning book, *New York Times* best-selling author David Freddoso (*The Case Against Barack Obama*) provides the much-needed exposé of an administration that has brought Chicago-style corruption and strong-arm politics to Washington, looking to reward its friends (the unions, federal workers, and other liberal interest groups) and punish its enemies (the private sector workers and taxpayers who foot the bill for Obama's massive expansion of the federal government).

In *Gangster Government* you'll learn, among other shocking revelations:

How the Obama administration has used “czars” and “recess appointments” to install powerful bureaucrats, some with extreme views and shady pasts, without congressional oversight

How the Obama administration ignored the Constitution and reversed 100 years of bankruptcy law to reward its friends (the United Autoworkers) in the GM and Chrysler bailout

Why even the pretense of “cutting costs” in Obamacare came second to rewarding the Democrat-supporting trial lawyers' lobby

Why, ignoring federal law, the Obama administration is trying to shield the TSA workers who search passengers at airports from private sector competition

How the trillion dollar “stimulus” was directed overwhelmingly at protecting *government* workers supported by the taxpayers

Why “green jobs” are all about shaking down the taxpayer for favored businesses—not about truly “sustainable” energy or jobs

How the Obama administration bullies private businesses and even state governments that don't cooperate with gangster government

Gangster Government is a devastating and revealing look at the momentous first two years of the Obama administration and its subversion of our Constitution and laws. It casts a hard look at a president whose training on Chicago's political playground shines through every bent law and every broken promise.
