Revolutionary Apocalypse: Ideological Roots of Terrorism (Praeger Security International) Luciano Pellicani

Emerging from the cultural catastrophe produced by the traumatic advance of modernity, the professional revolutionary is one disenchanted with the world. Incapable of accepting reality, he/she is convinced that he/she has a scientific knowledge that resolves the puzzle of history and will result in the creation of a paradise on Earth. Pellicani details the history of the birth of revolutionarism as a new form of Gnosticism through a study of the theory, the organization, and the practice of the Leninist party and their project to purify society by permanent terrorism. He analyzes the causes behind the collapse of the totalitarian system built by the Bolsheviks, and he provides new insights into understanding the recent revival of the nihilistic anarchism of the Black Blocks in Europe and their violent attacks against globalization and modern civilization.

As Pellicani describes, the goal of the professional revolutionary is the evangelical community, based on concepts of equality and universal brotherhood. To reach the desired goal, the revolutionary sees only one road-a war of annihilation against the capitalists who are responsible for the corruption of humanity. This is the source of the panthoclastic passion of the Gnostic revolution: the whole world must be destroyed to arrive at the New World, the Kingdom of God without God, Paradise on Earth.
