## **Why America Needs School Choice (Encounter Broadside)** Jay P Greene

Expanding school choice and competition is the single most important action we can take to improve America's schools. Although school choice faces strong opposition from powerful teacher unions and their entrenched political allies, expanding choice via vouchers, charters, and tax credits has repeatedly been shown to improve student achievement, reduce segregation, promote civic values, and facilitate other productive reforms. This eloquent Broadside outlines the case for school choice and shows how it is the most appealing strategy for anyone serious about educational reform.
