**The Crime Lab Case (Nancy Drew Book 165) Carolyn Keene**

**Solving crimes with science is fascinating—until a pretend mystery becomes all too real!**

Nancy gets Bess, George, and Ned to help out with a special program for high school students, a “chemystery” camp. They’ll visit a forensics lab, a drug company, and a university to see how science is used to solve crimes. Then they’ll use what they’ve learned to work on a made-up case.

But the mystery begins even before the program starts when the professor who runs it suddenly falls into a coma. Now Nancy’s in charge—of the made-up case *and* the real one. Strange encounters of the dangerous kind and a list of promising suspects test all her talents of deduction. From the tiniest clue on a carpet to real menace in a quarry, Nancy’s crime lab is bubbling with trouble!
