I've loved to color my entire life. I also love graphic design and math so I've combined all of those interests into a new all ages geometric, progressive coloring book of 100 designs! Coloring has a great calming effect because while we color, we focus on a specific action and not on the stress of the day. What do I mean when I say "progressive coloring book"? I mean that each page is a design based on a number from 1 to 100 in order. So page one is 1 circle, page two has 2 circles, the 3rd is 3 circles, etc. Each and every number all the way to a 100 circle design. The designs start out very simple but quickly get very detailed. - One Hundred Designs - One-Side Printed Pages - Choose a design to suit your current mood, from super simple beginner to extremely intricate expert levels - 8 1/2 x 8 1/2 Inch Connect with Mark and share your coloring pages on Instagram (and) Twitter @markoblivious
