The Story of the Apple

Barrie E. Juniper, David J. Mabberley

The Story of the Apple Barrie E. Juniper, David J. Mabberley

The Story of the Apple reveals the solution to a long-standing puzzle. Where did the apple come from, and why is the familiar large, sweet, cultivated apple so different from all other wild apple species with their bitter, cherry-sized fruits? This book will fascinate gardeners who wish to know more about the origin and natural history of the plants that they grow in their yards or orchards, researchers and students in botany and horticulture who want the evidence from DNA, geology, anthropology, archaeology, zoology, and Classical history, and anyone with an interest in diet, well-being, and the benevolent effects of plants on the emergence of humankind.
