**From one of America's most respected progressive voices comes an inspiring vision of reform and renewal**

In a Senate career spanning more than four decades, Edward M. Kennedy has become one of the most authoritative voices in American politics. His first major book in more than twenty years, *America Back on Track* argues that our nation has departed more deeply from its fundamental ideals than at any time in modern history. From a dangerous foreign policy to the threats against constitutional checks and balances, Kennedy tackles the country's gravest concerns and charts a course toward a stronger, freer, and fairer America. A provocative call to action, this will be read by everyone seeking political clarity in these tumultuous times.
