INSPIRED BY TRUE FACTS...

While studying law, Jack Severs believed he would become a champion for the rights of the People. His life takes a different turn, however, when he falls in love with the daughter of a powerful NYC investment banker. He accepts a position in the bank's legal department and settles in for the corporate life. A simple foreclosure case leads to the discovery of a series of mysterious murders and suicides. Eventually, he confronts a vast conspiracy that seeks to manipulate stocks, bonds, commodities and exchange rates. Severs' job turns into a nightmare. He's learned too much, and he flees for his life, even as the most sophisticated electronic surveillance system ever built is deployed to track him down. While he runs from the ever-tightening noose, he continues to seek the critical evidence he needs to save himself and his world from collapsing.
