## Pirate Hunters: Treasure, Obsession, and the Search for a Legendary Pirate Ship Robert Kurson

A thrilling new adventure of danger and deep-sea diving, historic mystery and suspense, by the author of the *New York Times* best seller *Shadow Divers*.

Finding and identifying a pirate ship is the hardest thing to do under the sea. But two men - John Chatterton and John Mattera - are willing to risk everything to find the Golden Fleece, the ship of the infamous pirate Joseph Bannister. While he was at large during the Golden Age of Piracy in the 17th century, Bannister's exploits would have been more notorious than Blackbeard's, more daring than Kidd's, but his story and his ship have been lost to time. If Chatterton and Mattera succeed, they will make history - it will be just the second time ever that a pirate ship has been discovered and positively identified. Soon, however, they realize that cutting-edge technology and a willingness to lose everything aren't enough to track down Bannister's ship. They must travel the globe in search of historic documents and accounts of the great pirate's exploits, face down dangerous rivals, and battle the tides of nations and governments and experts. But it's only when they learn to think and act like pirates - like Bannister - that they become able to go where no pirate hunters have gone before.

Fast paced and filled with suspense, fascinating characters, history, and adventure, *Pirate Hunters* is an unpauseable story that goes deep to discover truths and souls long believed lost.
